Campbell Methodist

Building Plans For Church Are Approved

Preliminary site plans for re-locating the Campbell Methodist church have been approved, a mortgage on the three acre Winchester Road has been satisfied and the 505 active members of the congregation have set May 18 as the time to consider what unit of the new project will first be built, what procedure is to be taken regarding the sale of the present property opposite the postoffice on East Campbell avenue and just how the new units are to be financed.

The new site has a frontage of 245 feet on the west side of Winchester Road between Latimer and Hamilton avenue and has a depth of 543 feet. The plans call for a fellowship hall 48x72 plus a platform, dressing room and kitchen with capacity to serve 350 diners or seat 500 on benches; an adult parlor 24x56, a sanctuary, chancel, choir room, religious education building, study for the minister, assistant minister and secretary and ther are 15 classrooms and two youth parlors. Extensively landscaped the site would provide a youth recreation court, children's play area and a fellowship court. Offstreet parking at the rear of the site would be provided for 93 cars from a Winchester Road entrance.

In double sessions, 700 children could attend Sunday School services and 450 people could be seated in the sanctuary for each service as compared with 250 capacity at the present church. The project would be adequate, according to the Rev. Herbert Neale, pastor, for 1100 membership as compared with 505 active members today.

The first Methodist Church of Campbell observed Loyalty Sunday on May 2 in both services. Through the efforts on this day the 1954-55 budget was completely underwritten.

Record breaking congregations for Loyalty Day attended both services. The Reverend Herbert W. Neale preached on the theme, "As Unto Christ". At the conclusion of each service, pledges were received from those present.

At 1:00 o'clock a large group of laymen ate dinner, prepared under the direction of Mrs. Norman Pratt. After a short training ession, they left the church in couples to call on those not attending the morning services.

At 9:09 Sunday evening the callers met at the church to report their success. Norman Pratt, chairman of the Finance Commission, announced at that time the "Loyalty Day Victory". He also announced that callers would continue to to contact families who could not be seen on Sunday.

CAMPBELL MUSIC GROUP WINS FESTIVAL HONORS

Also receiving a superior rating was the girls glee club directed by Carol Eason. The 60 member group presented "The Lord's Prayer", "Country Gardens" and "Hallelujah Chorus".

The 56 member band performed "Front and Center March", "Deep River Rhapsody" and "Pacific Grandeur Overature". Edward Tonini directs the group which was awarded an excellent rating.

The orchestra also directed by Tonini played "Graduation Overture", "Nonette Waltz" and "Consecration Overture". The group of 64 received a superior rating.

Approximately 5,000 students participated from Northern California elementary and junior high schools and the festival took place on the San Francisco State College Campus.

Planners Meet Tonight

CITY PARK NEED SEEN IN RECREATION REPORT

A report on the recreational facilities to be made tonight at the Planning Commission meeting by James A. Tomlinson and Theodore Solari serving as a special committee, may disclose an anticipated future need for a city park for general community use, it was reported yesterday unofficially. The survey now being completed will show the recreation facilities currently available, the firm plans for future facilities, the desirable facilities for the future and the intergrading of local recreational needs with those of the county in long-range future planning, according to Tomlinson.

The report commends both the Elementary and the High schools within the city for available recreation facilities, indicating they now provide all which is now in use. It indicates however that there is nothing for those who have no children in school, for childless young people and for parents whose children have grown beyond the school years. As a community endeavor a park with lawns, walks, flowers, restroom and benches might be a future project in keeping with expected community growth, and that a site be acquired while available at a fair price.

The survey will show also a need for integrated over-all county program which will make use of natural facilities adequate for boating, fishing, swimming, bridle paths and year-round activation of the Santa Clara County fairgrounds. These programs are said to be important to cutivating harmony with community growth so that new people may more readily become a part of community life.

Other matters before the commission tonight will be the hearing on the proposed Mayfair Shopping Center at Hamilton Avenue and the Los Gatos-San Jose Road.

New Feature For Theaterama Here

Another feature of "Theaterama" which will be presented Friday evening, May 14 at the High School in Campbell will be serving at intermission time of free coffee and cookies. That is the latest for the unusual program as announced today by Ken Wallace, director.

In "Theaterama" the audience sees a sports event, singers, dancers, a comedy act, a bras choir, a one-act play and the entire Campbell High School choir in center staging. There is to be no stage to face the audience as in auditorium productions. This performance will be in Room 80, the band room. The stage, like a prize-fight ring, will be open and in the center, so some unusual techniques will be necessary.

The two hour show will include a one act play and seven vaudeville acts. The play "Bread" is set in Kansas. Joyce Hansen, Carol Chamberlain, Chuck Nelson, Lois Fairbanks, Janice Muslow, and Bud Feasel play members of a farm family beset by emotional as well as economic problems but bound together by ties stronger than blood.

The sixty-five voiced CUHS choir will sing "Ballad for Amercans", a Fred Waring production.

All lighting effects will be overhead. Each act will be bathed in the particular color found necessary to bring out a particular mood; this will prove especially helpful to the ballet and bull-fight numbers.

Elaine Grizilo, the high school's most talented sophomore, will sing three Irving Berlin numbers that made Betty Hutton famous, and a Willis Dahl-Joyce Gomes "Combo" will present Western melodies by simulated campfire. Further laughs will emanate from the activities of Santa Clara Valley's "Martin and Lewis", Fred Buckingham and Eddie Goulart. A seven piece brass choir featuring Mary Munson, Dick Hodges, Ken Munson, Jim Annand, Lance Hortenson, Dick Tuttle, and Andy Hilbun, and a judo exhibition by Bill Montero will complete the full program.

Only 180 tickets will be sold on a first come—first serve basis.

CSF as it is commonly called, stands for California Scholarship Federation, Inc. There are chapters in every high school in California. Every member of the high school Student Council is a CSF member.

Under the leadership of president, Marlene Langen, and advisor, Rob Pettingill, the CSFers meet once a month.

The CSF operates Buc's Cove, a student fountain located next to the cafeteria, where milk shakes, cokes, sandwiches, and candy are served daily. Each member of the organization spends three or four weeks during the school year working in the fountain. Student manager this year is Jean Rafferty, assisted by Don Carre, and Marian Gould. The volume of business has increased so much this year that a non-credentialed adult has been employed to help out Mrs. Lorraine Brewton.

The profits from the cafeteria help pay for the annual trip to San Francisco. Along with the PTA, they give scholarships in June to outstanding graduating seniors. Ten scholarships and one hundred dollars will be available this year.

TEACHERS OF TOMORROW

The teachers of tomorrow, TOTS as they are known in the Campbell High School, are being told the teaching profession offers increasing opportunities in California. We are in the center of one of the fastest growing regions in America so it is not difficult to anticipate the need for more teachers and more classrooms for the next six years.

A thirteen-room schoolhouse would have to be built every day for the next seven years if California is to provide adequate facilities for the increased number of boys and girls entering school from now until 1960 according to Dr. Kenneth Brown, director of research for the California Teachers Association.

Based on State Departments of Finance and Education studies, Dr. Brown shows where 3,024,800 school children are anticipated for 1960, an increase of 1,059,684 since 1952. Kindergarten enrollment will be 231,000 in 1960, grades 1 to 8 will have 2,045,000 while some 748,000 will be in grades 9 through 12. On a basis of 35 children per room in primary and 25 per room in secondary schools, Dr. Brown comes up with the astounding figure of 33,930 classrooms being required by 1960, slightly more than 93 rooms per week or thirteen per day. Think of it. That is the state average of course, but rest assured that Santa Clara County will be providing its share of these new classrooms.

Teachers of tomorrow certainly have opportunities which have no equal. Let's train good teachers for with opportunity such as this there also comes great responsibility in shaping destiny of America.

MOTHER'S DAY

Probably one of the best things about Mother's Day is that it often serves to awaken the rest of the family to exercise a bit more thoughtfulness of her during the rest of the year. If it doesn't do this, then Mother's Day is meaningless. In fact, to make a big fuss over mother on one day of the year, to drool with sentimentality on the occasion, and then to ignore her or to impose on her the other 364 days is nothing short of a fraud. We're for Mother's Day 100 per cent. But mothers deserve something more than a day; they deserve **consistent** affection and consideration.

A NINE YEAR STIFE

The war in Europe ended just nine years ago this Saturday. At that time the war in the Pacific was still going on. Some progress toward peace was being made but there was little chance of ending it before August. Nine years ago we had not even met the A bomb. But nine years ago this month the first session of United Nations was held at San Francisco. Harry Truman had been in office less than a month following the sudden death of Franklin Roosevelt. Much has been happening in these nine years and no one seems to know the extent of our security toward a lasting peace. Even Mars has come in a little closer to the earth and from here and there come reports of missiles pommeling the earth and pitting windshields, flying saucers going uncharted overhead. Nothing seems permanent so far as life on earth is concerned except taxes and a desire for peace.

AND THEY ALL SPELL "MOTHER"

The Campbell Gambol

DOORBELLS will be ringing tonight in Campbell as members of Jack Ballengers eighth grade class from the grammar school carry on a house-to-house campaign for funds with which to restore a plaque on the stately old redwood tree at the southeast corner of Campbell avenue and Winchester Road, the tree which as a seedling was planted there by President Theodore Roosevelt in 1903 ... this was the site of the old grammar and high school grounds and some time later a plaque was put on the butt of the tree, and as time marched on, it mysteriously disappeared ... Geretta Randall, Mark Matovich, Patrick Costello and Kathreen Ooki conceived the idea of restoring the plaque, so have rounded up some of their classmates for a fund-raising drive tonight for that purpose, the Junior Chamber of Commerce agreeing to handle the installing and providing transportation for the workers tonight.

HATS IN HAND, two six-year old boys appeared at the Campbell Chamber of Commere last week to find out how they could get a license to operate a lemonade stand and how much it would cost, which is another sign of the approach of Summer.

A MORTGAGE BURNING ceremony will take place at both services of the Campbell Methodist Church on Sunday, May 16, to be done, according to Herbert Neale, pastor of the church, by tearing the mortgage on their three-acre site in two and burning half at each service ... the site is on Winchester Road for the new church, the fellowship hall alone being designed to seat 350 people at tables or 500 in rows, while Sunday school clasrooms can take care of 700 children in double sessions ... the Methodist church was erected in 1914 and today has 505 active members ... the plans for the new church will make it one of the most attractive and complete of any in the bay area, with special emphasis on the recreation facilities for small children, youths and adult.

A VISITOR at the Kiwanis Club meeting, hearing the school orchestra and some routine reports on accomplishments of the a capella choir, the band and mixed chorus at the high school, and the boys' and girls' choruses from the grammar school, became so enthusiastic over them that he suggested making this the music center for the Santa Clara Valley, which would not be a bad idea ... a band advertises a city in a favorable manner, and there is no question but that our present day groups are better by far than average.

CHARLOTTE SUTTER, who has attended each of the Old Settlers' celebrations in Campbell, is none too impressed with plans to change the date to some time in May and told the Press she thinks we should let well enough alone ... in 60 years we have had no unusual rain on Washington's birthday, a date long established for the affair, just as the Tournament of Roses is held on New Year's Day for the last sixty or more years, and no one wants to change the date down at Pasadena because of the possibility of rain ... says we are just as likely to have an "unusual" rainstorm in May as in February.

High School Faculty Member Also A Lawyer

A member of the Campbell High School faculty is also a member of the bar association, having a degree in law qualifying her to practice. She is Mrs. Dean Lawrence who, in a twenty minute assembly talk Tuesday explained laws which teen-agers should know.

Support of existing laws, efforts to have more good laws enacted and knowledge of protective laws, was advocated.

Mrs. Lawrence suggested that we all visit some law library and read parts of the original laws governing us. Both the Santa Clara County Court House and Santa Clara University's Law Library are available to us. Then too, most lawyers have expensive law libraries. The very least we should do, she inferred, was to send to Sacramento for a copy of the California State Constitution.

The highlight of her talk concerned what actually happens in a court room during a trial. She explained the purposes of judge and jury assuring us that defendant must always be certain of what is being charged against him. She clearly explained the meaning of such terms as irrevelant and over-ruled. Under present laws it is not necessary for one to inchiminate himself.

More Industries Follow Ford Move To Milpitas Area

Dividends to Santa Clara County resulting from location of Ford's $100,000,000 Milpitas assembly plant continued this month when Newcomp-Detroit Co., one of Nation's largest manufacturers of paint spray booths leased a plant at 106 Stockton Avenue in San Jose.

Newcomb-Detroit has a large contract to install the painting equipment at the Ford plant and will provide employment for approximately 200 people. Officials of the Company advised the Ford contract provided a very real opportunity to establish in this area and to set up their shop and sales force for continued operation when the Ford job is completed.

Most employees of the new firm are sheet metal workers and by the middle of this month, a large part of the work force had been recruited and machinery installed for immediate production at the Stockton Street location.

K. C. Woodrow, manager of the local plant said the Newcomb-Detroit Company is following a policy of asking local subcontractors to bid on work which they let, but that the initial job was installation of necessary paint ovens, spray equipment and finish machines for the Ford project.

A full-rigged sailing ship, riverboats, a scow schooner, a sectional railroad roundhouse and historic railroad equipment, will comprise the exhibits at San Francisco's Argonaut Bay ot Aquatic Park.

By June 1 visitors may be able to take an aerial tram ride from the Cliff House to Point Lobos, westernmost tip of San Francisco.

A steel tower will be erected on the lower observation terrace of the Cliff House and the other on top of Point Lobos. Two steel cables will be strung and an enclosed self-propelled car which will hold an attendant and 20 passengers over the 850-foot tramway. Whitney said he hoped to have it in operation by June 1.

ALLEN'S WORK IN ASSEMBLY AIDS SCHOOLS

Without Bruce Allen's work in the Assembly, our home economics program at Campbell Union High School and all other high schools throughout the State would have been seriously retarded, said Mrs. Adele Charlson, local home economics teacher, today in a statement to this paper.

Mrs. Charlson explained that during the last legislative session, when the Ways and Means committee was considering the budget for the State Department of Education, an attempt was made to eliminate the homemaking department in public schools and all regional supervisors. "The chief of the Bureau of Homemaking Education for the State would have been left without any help whatsoever in the whole State program," aid Mrs. Charlson, "but Mr. Allen fought hard to keep our homemaking program and, thanks to him, we have our 'Future Homemakers' organization, too."

The Campbell chapter of "Future Homemakers" has 85 girls, Mrs. Charlson said, and there are 209 chapters with over 8000 girls as members in the State—"all this would have been stopped." Mrs. Charlson is joint director with Mrs. Dorothy Harrington of the local "Future Homemakers" program, and both say they heartily endorse Allen's re-election to the 29th District Assembly seat.

Bucs Lose, 62-60 To James Lick In Field Meet Here

The Campbell Bucs were nosed out of the track meet Friday with the James Lick High School Comets here by a 68-60 score, the relay event deciding the match. The Comets were faster on the cinderpaths taking the sprints and the relay but Campbell turned in some classics in the field events.

Sutterfield of Campbell went 11' 6" in the pole vault while Fair cleared 5' 8¾ inches in the high jump. Bill Gregg put the shot 53' 6" which are creditable marks for any high school meet in the nation but there were not enough other places won for Campbell to turn in a winning score.

"During the last legislative session, I fought consistently for funds to be used for a broad range of recreational activities at our schools, and I shall continue to fight for such a program", Allen said.

He explained that we would not have soft and hard ball teams, such as Campbell's two leagues, with their twenty baseball teams, without help from the Assembly.

During the afternoon Allen spoke at the home of C. P. Clauson, 100 Bland Ave., and Bert Robinson, 71 Amato, and Tuesday evening spoke at the home of Harold Brown, 80 El Caminito, and George Kemp, 550 S. Union Ave. Over 100 Campbel voters attended the four meetings.

CHRISTIAN SCIENCE LECTURE-SERMON

Man's real spiritual status as the perfect image and likeness of God, not subject to sin or other weakness, will be emphasized at Christian Science services Sunday.

The Lesson-Sermon entitled "Adam and Fallen Man" includes the following passages from the Bible: "And God said, Let us make man in our image, after our likeness . . . So God created man in his own image, in the image of God created he him: male and female created he them" (Genesis 1:26 to :,27).

The following selection will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Spiritually to understand that there is but one creator, God, unfolds all creation, confirms the Scriptures, brings the sweet assurance of no parting, no pain, and of man deathless and perfect and eternal" (69:13).

AGNEW ANNEXATION PLANS SIDETRACKED

A good share of the people at Agnew have no interest in annexation to any city according to information announced at a Santa Clara council meeting. A petition with nine signers had been filed seeking annexation to Santa Clara but last week another petition with 109 signatures, opposing annexation, was filed.

Carl Williams of Agnew said many in the town do not want annexation as they are satisfied with their present tax rate and feel they could get no more services without higher taxes.

School Orchestra May Go On Air

A 62-piece orchestra from the Campbell Elementary School, entertained members of the Campbell Kiwanis Club at the noon meeting Tuesday under direction of Ed Tonini. There are 187 taking instrument instruction at the school and the 62 piece orchestra is made up from that group. Appearing last Saturday in a bay area music festival at San Francisco State College, the Campbell group received a superior rating. Also at the festival were the boys and girls choruses from Campbell Grammar school, directed by Ben Ziegler and Caro Easemen.

Ben Stone, member of the Kiwanis Club was so impressed with the quality of music in the orchestra that he announced he would arrange for a radio appearance at an early date.

Future Teachers Tour Schools Of Campbell District

Provision is being made at Campbell Union High School to interest more young people in joining the teaching profession. Spearheading this encouragement is a new secondary school club labeling itself the "Teachers of Tomorrow". Under the guidance of advisor, Mrs. Vivian Stallkamp, the group has twenty-seven "Tot's" as well as two adminitrators. Ray Mossholder and Bob Ledum, both graduating seniors, have been serving this initial year as "principal" and "vice-principal" respectively.

Last week the Tot's toured the various grammar schools in the Campbell Union Grammar School District. They met and talked with teachers, student-teachers, principals, coordinators, and the grammar school superintendent, William C. Henley. They participated in discussion and asked searching questions about pay, advancement possibilities, training required, and job openings. Darrell McLeod, now a high school junior, but looking forward to being a high school history teacher, called it "awe-inspiring, encouraging, and realistic."

A recent speaker before this new high school club was John Braun, a San Jose State College student now doing practice at Cypress Elementary School. He advised all of those interested in teaching to take advantage of every moment in class, to cultivate hobbies, to participate in sports, and musical programs, and to try to get as much as possible from high school life. "Your participation in extra-curricular activities is as important as your success academically", he told the Teachers of Tomorrow.

San Tomas Scouts At Nevada Air Base

Don Hunter and Ken Wilson of San Tomas Scout Troop No. 30 were among 118 Explorer Scouts of California and Nevada attending a training school for arctic, desert and sea survival at Stead Air Force Base near Reno from April 26 to May 2.

The two scouts both students at Campbell High School, were among the 14 selected by the Santa Clara County Council, Boy Scouts of America, to attend the school.

This was the second course given since December and was made available to scouts by the United States Air Force.

Scouts were given the training so they might return to their own units and serve as survival training instructors.

The group camped out in Tahoe National Forest and learned that living off the surroundings means eating such things as fresh venison and porcupine to augment survival kit rations.
